WONDER

IMMERSED IN DISTINGUISHED DESIGN, AGLOW WITH PERFECTLY CHOREOGRAPHED LIGHT AND AI INFLUENCED SYMPHONIES ORCHESTRATED TO COMPLEMENT THE SENSES

Each floor, designed by Michelle Wu, is a work combining contemporary elegance and transformative wellbeing.

Suspended between sea and sky, Surrenne Riviera reveals an experience of wellbeing rooted in rhythm, fluidity and light. High above the Côte d'Azur, this coastal sanctuary draws upon the elemental power of water to uplift, enlighten and heal - honouring the natural world as a source of ritual and restoration. Here, inner stillness and outer radiance flow together, in cadence with the tide.

A natural therapy: the design draws inspiration from the French Riviera, with subtle touches that celebrate its light, hues, and softness.

This serene and calming space is designed to liberate the mind: the colours, movements, and vastness of the sea act as a balm on the nervous system. Blue, recognised for its calming properties, induces a state of deep calm and naturally reduces stress.

Treatment Sanctuaries: Our five treatment rooms, bathed in soft light, are adorned with textures and shades evoking mist, water, and sky. An atmosphere conducive to letting go. Some open onto the sea, extending the horizon into your moment of relaxation. A duo treatment room invites you to experience this moment together.

The Pool: Immerse yourself in the endless blue of our infinity pool, offering a spectacular view of the sea. This basin seems to merge with the vastness of the sea and sky, creating a unique and soothing swimming experience.

The Sauna: A ritual of dry heat, where the body releases, tensions melt away, and the mind regains clarity. The sauna invites you to a deep purification, stimulating circulation and promoting profound relaxation.

The Hammam: An enveloping steam bath, inspired by Eastern traditions, where warm humidity soothes, softens and regenerates. Let yourself be carried away by the beneficial mists of the hammam for a slow, gentle and purifying sensory experience.

The Cold Plunge: A striking awakening of the senses, toning and invigorating. Where the cold becomes a source of energy. Immerse yourself in the pure freshness of our cold bath to activate circulation, strengthen the body and revitalise the mind.

MODERN RITUALS THAT AWAKEN TRUE TRANSFORMATION

I NEED IT ALL

60/90 MINUTES

In this tailor-made treatment, an in-depth consultation is conducted to understand your specific needs. A trained and multi-disciplinary therapist will then curate a hour-long service comprising massage techniques from different traditions, including deep tissue, Thai massage, Ayurveda, Shiatsu, and trigger points. This is a particularly effective approach for those suffering from specific aches, pains, or ailments and seeking targeted treatment.

SUPREME SILHOUETTE

75/90 MINUTES

This expert ritual is designed to sculpt the silhouette, stimulate drainage, and refine the contours through a series of targeted and highly effective techniques. The treatment begins with a draining massage to release water retention and activate lymphatic circulation. It continues with a deep reshaping massage, which reshapes and improves skin tone. As a final touch, maderotherapy – using specially carved wooden tools – stimulates microcirculation and optimises slimming effects.

BIOSCULPT FACIAL

90 MINUTES

Ideal for those seeking immediate results with a long-lasting effect, this treatment combines biological expertise, cutting-edge technology and an exceptional care ritual. It begins with a thorough skin analysis using the Biologique Recherche diagnostic method. Exclusive professional formulas providing comfort, firmness and intense hydration are then combined with LED light therapy and EMS stimulation. This technological duo stimulates microcirculation, optimises the penetration of active ingredients and activates cell regeneration.
